Attachments: Preliminary Report for ASPECT Hurricane Harvey v3.pdf

Attached is the latest version of the ASPECT "living" summary report. It will be the final report for today.

Key additions include (1) infrared images, (2) additional spectra for benzoyl peroxide, (3) new/updated operational challenges, (4) current ASPECT team and aircrew members.

Please send any questions or comments on the report to John Cardarelli.

Please address all questions about ASPECT activities to Mark Thomas.

Subject: 31 Aug 2017 -- ASPECT update 15 -- 1555

Refueling ops have been completed. The crew was able to push a large amount of data up to the server. We are working the data at this time. We are returning to the Arkema site ASAP.

The team is just about to start full resolution processing of the most recent data. I will send out products as soon as possible.
